ABOUT ME

I am Kumodya Thamadi, a 22-year-old undergraduate at the Sri Lanka Institute of Information Technology (SLIIT), currently pursuing a BSc (Hons) in Information Technology with a specialization in Information Technology. I have a strong interest in technology and innovation, with a particular enthusiasm for software development, statistical computing, and exploring emerging trends in technology.

WORK EXPERIENCE

Miami Clothing PVT (LTD) || 2025(JUNE) - 2025 (DECEMBER)

Intern Software Developer

Gained hands-on experience with PHP, MySQL, HTML, CSS, JavaScript, jQuery, JSON, and AJAX, along with foundational knowledge of Database Management.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)

[2023 - Present]

BSc (Hons) in Information Technology Specializing in Information Technology

Aquinas College of Higher Studies -Borella

[2023]

Certificate in Professional English & Information Technology

Mahinda Rajapaksha College - Homagama

G.C.E Advanced Level

[2022]

G.C.E Ordinary Level

[2019]

SKILLS

- Frontend: HTML, CSS, JavaScript, React, jQuery, AJAX
- Backend: PHP, Node.js, Express.js, Springboot
- Databases: MySQL, MongoDB, Oracle SQL
- Languages: Java
- Tools: Git, JSON, Navicat

RELEVANT PROJECTS:

- **Grievance Management System**

Designed and developed during internship using PHP, MySQL, JavaScript, AJAX, and jQuery to manage and track user complaints efficiently.

- **IT Help Desk**

Developed a web-based support system using PHP and MySQL to streamline internal issue tracking and resolution processes.

- **Counseling Appointment Management System**

Built a counseling appointment management platform using the MongoDB, Express.js, React, and Node.js (MERN Stack) to support appointment scheduling, user management, and real-time interaction between counselors and clients.

- **Smart Campus Operations Hub**

Developed a modern web-based campus management system using React, Java, and Spring Boot to streamline facility scheduling, maintenance management, and campus operations within a university environment inspired by SLIIT.

- **Online Apartment Booking System**

Developed using PHP, SQL, and JavaScript to enable users to browse and book apartments through an intuitive interface.

- **Food Delivery Application**

Developed a full-featured platform with user authentication, admin panel, and Stripe payment integration

- **My Portfolio**

Designed a personal portfolio using React.js to showcase projects and technical skills.

- **Online English Academy**

Built a full-stack application with authentication, real-time dashboard analytics, task management, and PDF export features.

- **Smart Tea Estate Management System**

Currently developing a tea plantation management system to streamline tea plucking operations, worker activity management, and factory coordination with real-time tracking and monitoring features.

CERTIFICATIONS / COURSES

- Full Stack Developer - University of Moratuwa (Open Learning Platform)
- Web Design for Beginners - University of Moratuwa (Open Learning Platform)
- Python Developer - Sololearn
- Introduction to C# - Sololearn
- Front End Development Libraries Certification - FreeCodeCamp
- MongoDB -MongoDB Atlas Administration, MongoDB Atlas Upgrades & Maintenance, MongoDB Logging Basics, Replication in MongoDB, MongoDB Atlas Security, and Monitoring & Insights with MongoDB's Observability Suite
